

Install CNS Lobby B&W Printer – Apple

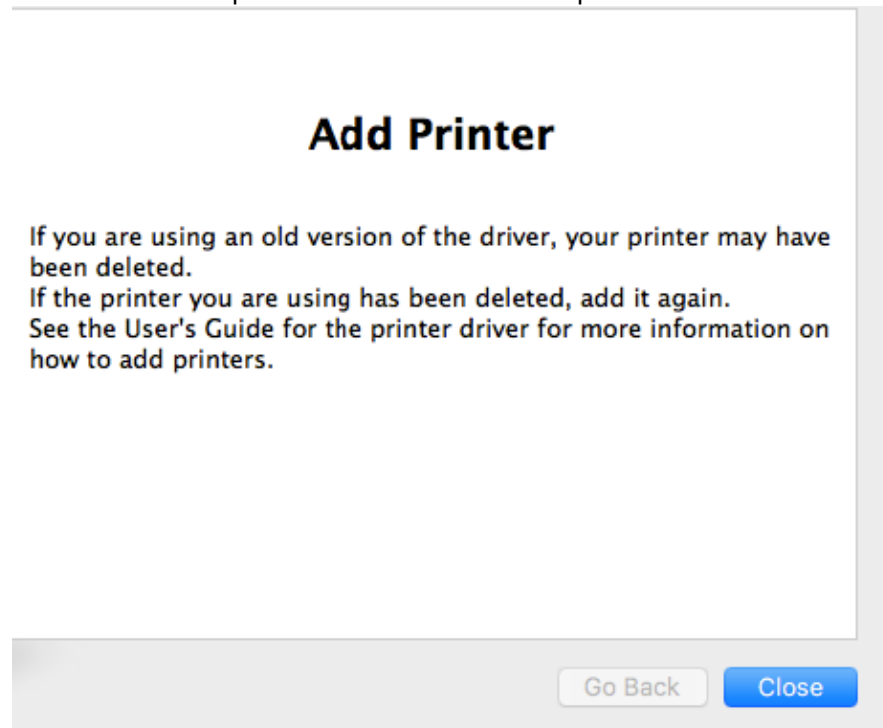

Download the installer from <https://ucdavis.box.com/s/oustr7orwgchjipi3n4xqqs3z867px>

Alternatively, you can download the UFR II driver from https://www.usa.canon.com/internet/portal/us/home/support/details/copiers-mfps-fax-machines/support-multifunction/imagerunner-3245?tab=drivers_downloads

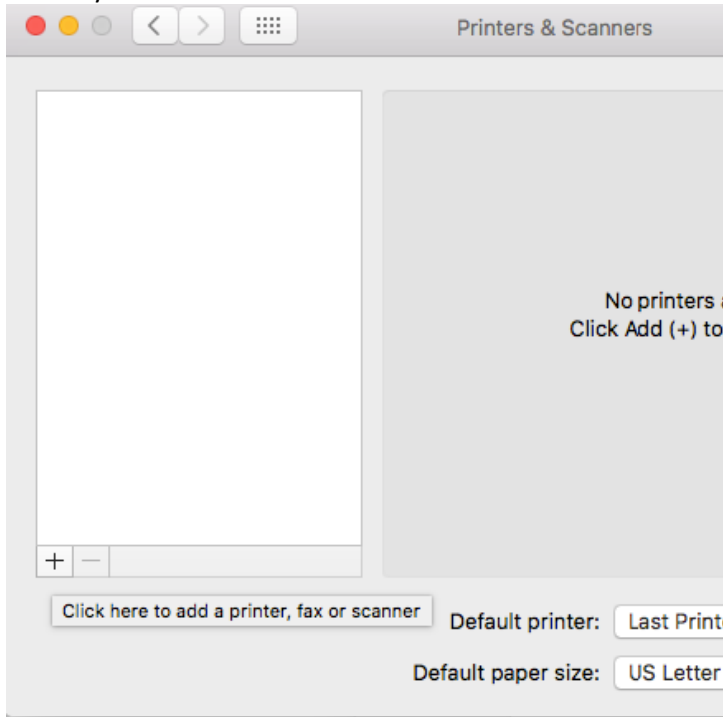

Double click the installer to start

Select all default option until installation is complete

Go to System Preferences – Printers & Scanners and click + to Add printer

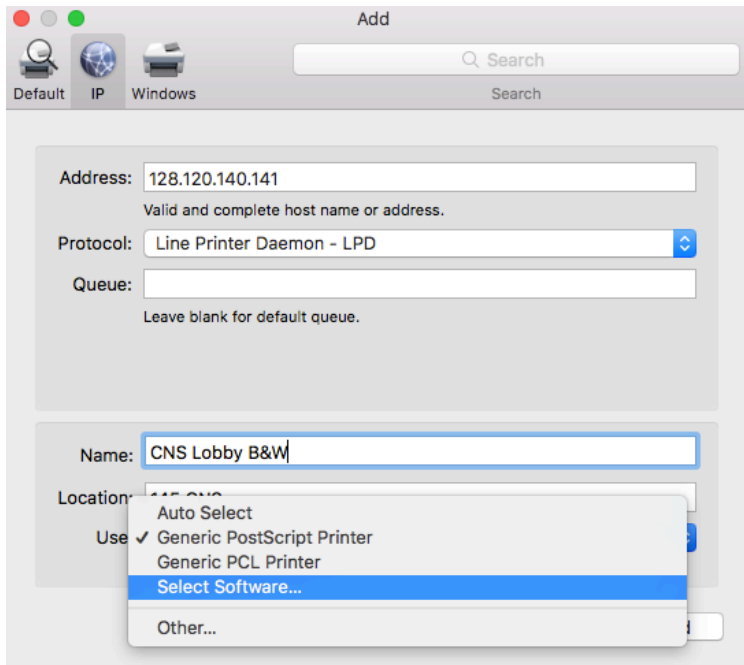

Address: 128.120.140.141

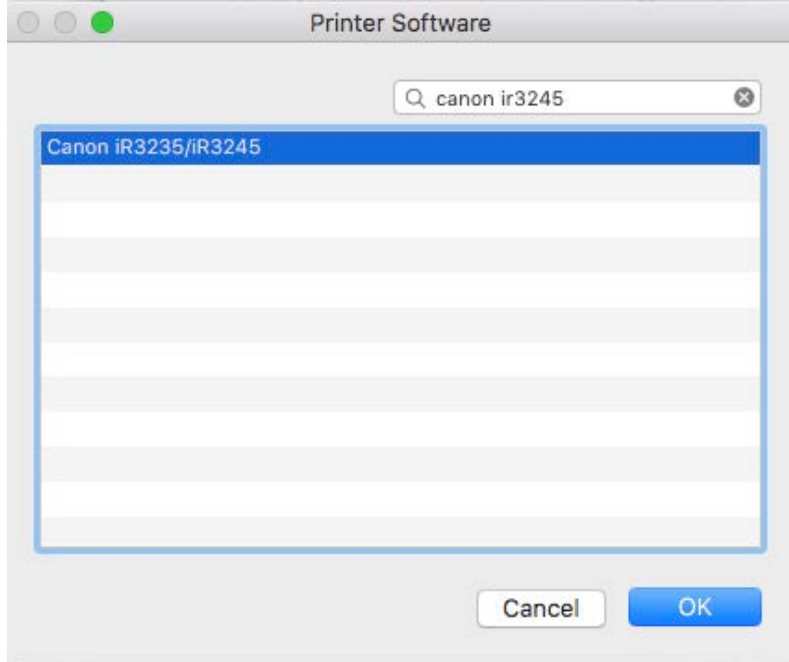

Protocol: Line Printer Daemon

Name: CNS Lobby B&W

Click Use and Select Software from the Dropdown

Type canon ir3245 in the search bar, select it when found and press ok

Click Add
